Sticks	A Stick is defined as ligneous material greater than 1cm in length and 0.5cm in diameter Note: Stubble greater than 3cm in length and 1cm in diameter is defined as a stick Smaller material is defined as Other Foreign Material									
Odour or Tainting agents	Any commercially unacceptable odour is defined as a sour or musty odour imparted on the Wheat that is not considered natural which may or may not be physically detectable through the presence of foreign material. Includes but is not limited to plant parts and seed of Eucalyptus spp.									
Restricted Animal Material	Presence of meat meal, bone meal, blood meal, poultry offal meal or any other animal proteins Restricted material also includes carcasses of dead animals such as rats and mice									
Other	Foreign material such as animal excreta, glass, concrete, metal or fertilizer									
Water	The addition of water to grain prior to delivery is a prohibited practice
